

Chignolo d'Isola, Wednesday, 29 October 2008

Subject: REACH (Registration, Evaluation and Authorisation of Chemicals) EU Regulation 1907/2006 on the 18th of December 2006:

- Substances identified as SVHC: updating of the Annex XV.-

Dear Customer,

Within registration and authorisation process as established by the Regulation (EC) No 1907/2006 ("the REACH Regulation")¹ and, in particular, according to the Title IV (INFORMATION IN THE SUPPLY CHAIN) requirements, every supplier shall provide the recipient of substances or preparations or articles, with all the information concerning safety data.

We are therefore glad to inform you that all the grades supplied by RADICI NOVACIPS S.p.A. with the trade marks:

RADILON[®], RADIFLAM[®], HERAMID[®], RADITER[®], RADILENE[®],
HERAFLEX[®], HERAFORM[®]

do not contain, neither as raw material nor as intentionally added additives, substances identified as **SUBSTANCES OF VERY HIGH CONCERN (SVHC)**.

Substances of Very High Concern are defined in Article 57 of Regulation (EC) No 1907/2006 and include substances which are:

- Carcinogenic, Mutagenic or toxic for Reproduction (CMR), meeting the criteria for classification in category 1 or 2 in accordance with Directive 67/548/EEC²;
- Persistent, Bioaccumulative and Toxic (PBT) or very Persistent, very Bioaccumulative (vPvB) in accordance with the criteria set out in Annex XIII of the REACH Regulation; and,
- Substances for which there is scientific evidence, evaluated on a case-by-case basis, of probable serious effects to human health or the environment which give rise to an equivalent level of concern to those of the above mentioned substances (e.g. endocrine disrupters).

In order to recognise a substance as SVHC, and then to include such a substance in Annex XIV of the REACH Regulation, Member State Competent Authorities or the European Chemicals Agency (ECHA) may prepare a dossier in accordance with relevant Sections of Annex XV of the same Regulation, where all the information useful for SVHC recognition will be collected and then made available to interested parties.

¹ OJ L 396, 30.12.2006

² OJ L 196, 16.8.1967; last modification of the Annex I according with Directive 2008/58/EC of the European Commission, OJ L 246, 21.8.2008. In order to have an updated version of this Annex I, please link at the following address: <http://www.reach-compliance.eu/english/legislation/docs/launchers/launch-annex-1-67-548-EEC.html>.

The Annex XV ("Candidate List") report is continuously kept up-to-date and published by the ECHA on its web site at the following link:

[Annex XV "Candidate List" Regulation \(EC\) No 1907/2006 - updating](#)

A copy of this Annex XV, updated at the last September 1st, 2008, is reported in the table here after enclosed.

Thanks for your kind attention and best regards,

RADICINOVACIPS S.p.A.

REACH Nachweis für Produkte und deren chemische Inhaltsstoffe

Sehr geehrte Frau Fitzel,

wir nehmen Bezug auf Ihr Schreiben vom 8. September 2008 und unsere
Zwischennachricht vom 25. September 2008.

Die von uns an Ihr Haus gelieferten Produkte umfassen metallische Schrauben und
Kunststoffhalter aus Polyamid.

Die Harald Zahn GmbH ist nicht Hersteller bzw. Importeur mit Registrierpflichten
unter Reach, sondern als Bezieher von Rohstoffen ein so genannter
„nachgeschalteter Anwender“ (Downstream User) und somit in der selben Situation
wie Ihr Unternehmen.

Von unserem Lieferanten des PA-Materials für Kunststoffhalter haben wir nun
beiliegende Bestätigung erhalten, dass in dem verwendeten Granulat keine
relevanten Stoffe beinhaltet sind.

Es verbleibt jetzt nur noch der Vorlieferant des Beschichters für Schrauben, der bis
Ende des Jahres seinen Registrierungsverpflichtungen nachkommen wird. Dies
werden wir überwachen und Sie hierüber auf dem Laufenden halten.

Mit freundlichen Grüßen

Harald Zahn GmbH
Zentrale Wiesloch

Torsten Zahn
